About Me

Solution-Focused Counseling

Community Driven

I am here for one reason — to help you navigate your own path to success. Your goals are my priority.

On-Campus Counseling

Confidential, short-term counseling services are available to all currently enrolled Lee College students (age 18+), both in-person and virtually.

How to Make an Appointment

The link below is to be used to refer a student for mental health counseling for non-emergency situations. It can be a self-referral (completed by the student) or completed by a faculty or staff member with the student's permission. Once the form is submitted, the student will be contacted within 24 business hours.
